LogistiCenter[®] at Copperwing

Transportation/Moving Occupations Applicant Pool

Transportation/Moving Occupations Applicant Pool - Phoenix

Distribution & Warehouse Skills

The western submarkets of the Phoenix metro have the deepest concentrations of distribution warehouse skills in the area, including West Phoenix, Glendale and Peoria. However, smaller clusters of these skills can be found in the south and east submarkets including South Phoenix and Central Mesa.

The subject site is located proximate to the deeper concentrations of the desired skills, able to access these submarkets within a 30-minute commute and able to access over 84,000 workers in the Transportation and Moving occupations.

Labor Cost Differential

Starting Wages

Labor Analytics identified select transportation and logistics occupations to identify market median wages and compare them to the national average.

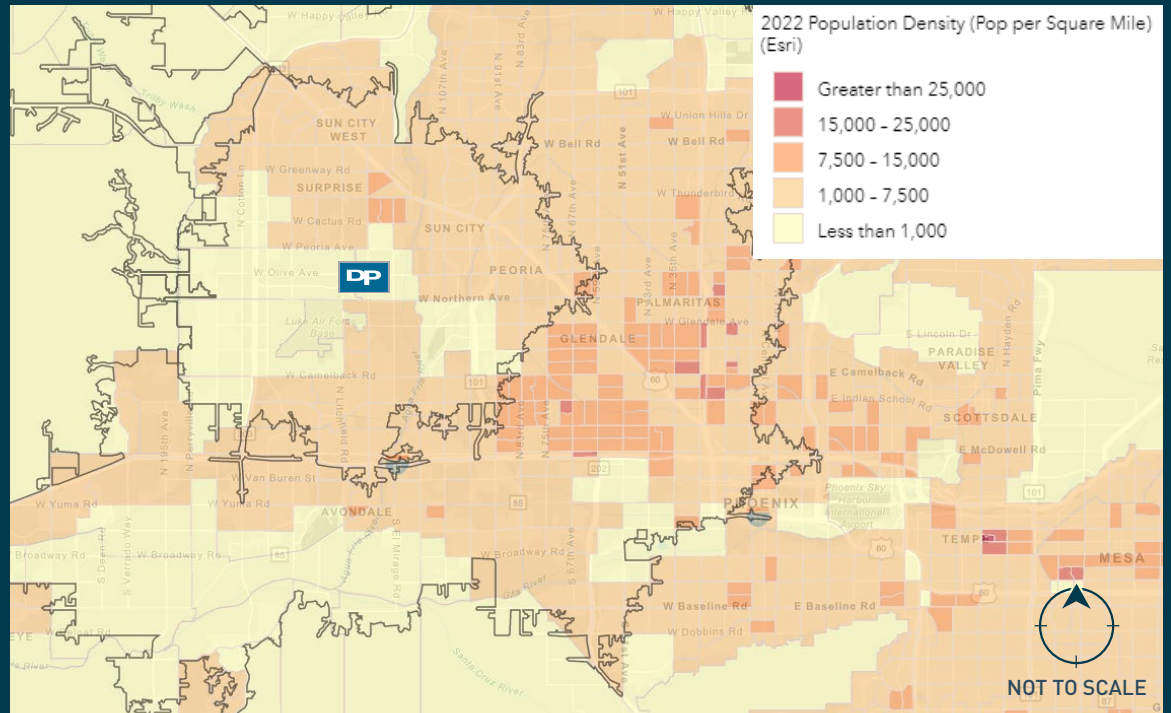

- Wages near the LogistiCenter at Copperwing site are 4.5% to 8.5% below the national average, providing a favorable labor cost position.
- Wages displayed are the median wage for the title at 1 year experience base wage (excluding bonuses, shifts, benefits, etc)
- Supervisor wages are at 3 years experience
- Actual wages may differ by employer based on size, specific job requirements and market demand.

Median Hourly Wage Comparison

Population Density

Like the concentration of distribution and warehouse workforce, densities of population and workforce are located primarily among the west, south and select east submarkets, including Surprise, Peoria, Glendale and Mesa.

Foreign Trade Zones

LogistiCenter[®] at Copperwing is seeking FTZ approval for all users within the park.

El Mirage is a member of the Greater Maricopa Foreign Trade Zone (GMFTZ) and as such, supports the FTZ project underway for the LogistiCenter[®] at Copperwing. Once FTZ approval occurs, all users within the project, may operate an FTZ simply by activating their operations with U.S Customs. The FTZ designation and tax support has already been completed by ownership. This will shorten the start-up timeline for “Live Zone operations” by over 50%.

FTZs are areas designated to facilitate and encourage international commerce with opportunities to reduce your cost of operations for companies qualifying for this federal program. The benefits are described below.

Benefits within a FTZ

Property Tax Savings

- Reduce Arizona real and personal/equipment property taxes on investments by as much as 72%.
- Arizona state law allows for any property in a FTZ that is approved and activated to be re-classified down from 18% valuation to 5% valuation.

Reduced Fees/Streamlined Procedures

- Reduced paperwork – Consolidated weekly entry process reduces fees.
- Reduced supply chain time – Faster customer clearance with special direct delivery procedures.
- Lower fees – Reduction can be up to \$1 million in savings annually.
- Duty Deferral and Reduction – Duty is paid on end products only when goods enter the U.S.
- Duty Elimination – Foreign merchandise in the FTZ may be re-exported free of duty and federal excise tax. No duty is paid on goods scrapped, wasted or destroyed in a FTZ.

Security

- Activated FTZ operators enjoy the highest level of security. This allows operators to negotiate lower insurance rates.

About Dermody Properties

Dermody Properties is a privately-owned real estate investment, development and management firm that specializes in the acquisition and development of logistics real estate in strategic locations for e-commerce fulfillment centers, third-party logistics and distribution customers. Founded in 1960, Dermody Properties has invested more than \$10 billion of total capital across all platforms nationwide, having acquired and developed approximately 110 million square feet of logistics and industrial facilities. In addition to its corporate office in Reno, Nev., it has regional offices in northern and southern California, Atlanta, Phoenix, Seattle, Chicago, Dallas, Indianapolis and New Jersey. For more information, visit www.Dermody.com.

About the LogistiCenter[®] Brand

LogistiCenter[®] is a national trademark brand, owned and developed by Dermody Properties. It represents the firm's business philosophy of developing Class A distribution facilities that meet the supply-chain requirements of the most innovative companies. All LogistiCenter[®] facilities are designed to meet best practices in sustainable design and construction, and incorporate building features, such as additional clear height and extra trailer and car parking, that enable companies to execute their operations more effectively and efficiently.
